25X1 SOURCE

1. A Sopron newspaper, Magyai Hirlap, announced in its issue of 9 November 1951 that an American aircraft had been forced by Soviet police to land at Pápa airfield.
2. On 14 November one source visited Pápa and observed on the apron at the field an aluminum-colored plane under guard. As the Soviet planes are painted khaki and this was the only one on the field which was silvery, he believes that this was the American plane.
3. Four Hungarian refugees stated on 26 January that according to hearsay the American plane had landed at Pápa.

Note: The above may provide partial confirmation of the official announcement that Pápa was the field where the plane had landed.
